Education

2022 – present **Ph.D. Candidate** in Geoinformatics, University of Seoul, Seoul, Korea

Advisor: Prof. Hyeongmo Koo

2017 – 2019 **M.S.** in Geoinformatics (Interdisciplinary Program), Kangwon National University at Gangneung, Gangneung, Korea
(M.S Thesis: Analyzing Characteristics of Migrant Households using Spatial Big Data)

Advisor: Prof. Chul Sohn

2010 – 2017 **B.A.** in Urban Planning and Real Estate, Kangwon National University at Gangneung, Gangneung, Korea

Professional Experiences

2019 – 2021 **Researcher,** Spatial and Environmental Research Division, Chungnam Institute, Korea

Research Experiences

2025 – 2026 **Principal Investigator,** Ph.D. Student Research Grant, Comparative analysis of varying local regression models according to spatial heterogeneity patterns, funded by the Ministry of Education, Korea

2022 – 2024 **Student Researcher,** Excellent Young Researcher Program, Developing machine learning methods incorporating spatial data properties, funded by the Ministry of Science and ICT, Korea

Teaching Experiences

2023. 03 – 2023. 06 Lab instructor and teaching assistant, Fundamentals of Geospatial Information Sciences, Dept. of Geoinformatics, University of Seoul, Seoul, Korea

Conference Presentations

- **Yoo, M.,** Kang, H., Cho, Y., and Koo, H., 2025, Comparing spatially varying coefficient models for election vote share determinants, *Conference of Korea Spatial Information Society* **(Best Presentation Award)**
- Jeong, M., **Yoo, M.,** Kang, H., Cho, Y., and Koo, H., 2025, Impacts of spatio-temporal variation sources on machine learning based spatio-temporal kriging, Korea, *Conference of Korea Spatial Information Society*
- **Yoo, M.,** Cho, Y., and Koo, H., 2024, Incorporating spatial data into machine learning using spatial features, *Conference of the Korean Association of Geographic Information Studies and the Korean Society of Surveying, Geodesy, Photogrammetry and Cartography* **(Best Presentation Award)**
- **Yoo, M.,** and Koo, H., 2024, Exploring region-based discrete spatial heterogeneity in the determinants of apartment sale prices in Seoul, Korea, Korea, *Conference of the Korean*

Cartographic Association **(Best Presentation Award)**

- Jeong, M., Kang, H., **Yoo, M.,** and Koo, H., 2023, Improving prediction accuracy through spatially constrained hierarchical clustering in machine learning models, Korea, *Conference of Korea Spatial Information Society*
- **Yoo, M.,** Park, S., Kang, H., and Koo, H., 2023, Exploring the effectiveness of the spatial features to incorporate spatial data into machine learning, Korea, *Conference of the GeoAI Data Society*
- **Yoo, M.,** and Koo, H., 2022, The effect of spatial autocorrelation on cross-validation and the validation of spatial cross-validation techniques, Korea, *Conference of the GeoAI Data Society*
- **Yoo, M.,** and Koo, H., 2022, Estimating the prediction performance of cross-validation in the presence of spatial autocorrelation, Korea, *Conference of the GeoAI Data Society*
- **Yoo, M.,** Jeong, S., Kim, K., and Sohn, C., 2018, Analyzing pending issues using topic modeling and local newspaper articles, Korea, *Conference of the Korean Regional Science Association*

Awards

- Outstanding Paper Award (Honors), University of Seoul, 2025. 02. 11.
- Outstanding Paper Award (Highest Honors), University of Seoul, 2026. 08. 13.

Research Interests

- Spatial Statistics
- Spatial heterogeneity and non-stationarity
- Machine learning
- Geographic Information System (GIS)
